Ajinkya Khanapurkar

UX/UI Designer

Ajinkyakhanapurkar19@gmail.com +91 7489567407

Summary

Creative UX design student with a foundation in interaction design, information visualisation, and design thinking. Experienced in simplifying user journeys and crafting user-centred digital experiences through research, prototyping, UI systems, and AI-assisted design-to-development workflows.

Work Experience

UX Design Intern, *PRISTINE FORESTS* 06/2026 – Present

- Contributed to UX/UI design for e-commerce and digital product experiences, including website revamp, UX research, competitor analysis, information architecture, wireframing, and high-fidelity UI design.
- Designed product microsites for Growth Supercharge, including CRM, ERP, Content Hub, Hiring Portal, and other Office OS tools, focusing on clear user journeys, product storytelling, and cohesive visual systems.
- Explored 3D web experiences and interactive storytelling for the Artist Studio project, collaborating with developers to refine designs for implementation.
- Used Figma, Framer, Claude MCP, and OpenAI Codex to support prototyping and AI-assisted design-to-development workflows.

Freelance Photographer 01/2023 – Present

- Delivered end-to-end photography services for individuals, brands, and creative projects.
- Specialised in portrait, street, lifestyle, and event photography, focusing on storytelling and mood-driven visuals.
- Planned and executed shoots, including concept development, location scouting, lighting, and composition.

Education

B.Des in User Experience Design, *Avantika University* 2027
Expected

High School, Science, *Macro Vision Academy* 04/2020 – 06/2022

Skills

- User Research
- Visual Design
- Wireframing & Prototyping
- Communication & Collaboration
- Interaction Design
- Information Architecture
- Usability Testing
- AI-assisted Design Workflows

Certifications

Master Claude Cowork, Claude Code, Skills & Plugins
Udemy • 26.5 hours • Oct 2026

Learning Design Thinking
LinkedIn Learning • Apr 2025

Interaction Design: Dashboards and Visualization
LinkedIn Learning • May 2025

UX Research: An Audience Segmentation Case Study
LinkedIn Learning • Apr 2025
